University of Massachusetts Medical School
Research Institute | United States

The University of Massachusetts Medical School is the state's only public academic health sciences center. Located in Worcester in central Massachusetts, it is one of the five University of Massachusetts system campuses, and has a mission to advance the health and well-being of the people of the commonwealth and the world through education, research, and health care delivery. It is comprised of the School of Medicine, the Graduate School of Biomedical Sciences, and the Graduate School of Nursing.

Planned Integrations

Creating ORCID records on demand:

- Create a new ORCID or connect and existing ORCID
- Link to the University’s identifier
- Grant the institution access to push data to the ORCID profile

Reflections

Need is not uniform
Seamless integration is critical
Non-trivial to implement
Value is invisible
